

ICS 300

Intermediate ICS for Expanding Incidents

Course Description

This course provides training and resources to personnel who require advanced knowledge and application of the Incident Command System. The course expands upon information covered in the ICS/IS-100 and ICS/IS-200 courses.

Course Objectives

Upon completion of this course, students will be able to:

- Describe how the NIMS command and management component supports the management of expanding incidents.
- Describe the incident/event management process for supervisors and expanding incidents as prescribed by the Incident Command System.
- Implement the incident management process in a simulated Type 3 incident.
- Develop an Incident Action Plan for a simulated incident.

Audience

This course is intended for individuals and field (ICS) personnel who may be assigned supervisory roles during Type 1, 2, and 3 incidents.

Prerequisites

Required: ICS/IS-100, ICS/IS-200, ICS/IS-700, ICS/IS-800

Classes may be taken at: <http://training.fema.gov>.

Recommended: None

Course Tuition

- No tuition fee
- Travel costs may be grant eligible for local responder agencies. Contact your respective county/tribal emergency manager.

Course Completion

Participants who actively participate, attend the entire course, and successfully complete the course will receive a Certificate of Completion. POST credit is available for law enforcement.
